[REDACTED]

I was the speaker for [REDACTED] (the Polish crowd)

I omitted the names of the officer and an investigator at yesterday's 16th of July 2015 meeting.

I was concerned about the time while speaking. I'm sure it's imperative

for their names to be included in the report, so I am asking you kindly, please add their names to a yesterday's 16th July report.

BRIAN S KRATZ, star: 08608 District- Unit:
Unit 050 - Airport Law-North Chicago
PD and the Police investigator Mr LEE
A DALEY Star: 10584 District-Unit: Unit 608
- Major Accident Investigation Chicago PD,

Below: what was said on yesterday's meeting and below that is an article from Chicago Tribune the next day after the accident.

My name is [REDACTED]. I'm here to speak on behalf of [REDACTED] and victim's parents [REDACTED] and [REDACTED]. [REDACTED] is too emotional and hurt to speak tonight.

[REDACTED] was [REDACTED] partner for over 20 years. On 23rd of March 2013 his car broke, so he stopped and parked his car on the right shoulder of the road, turned on blinking lights and was waiting outside of his car for a friend who offered to help.

[REDACTED] was struck and killed that night by a 21 year old Ms [REDACTED] on Mannheim Rd.

At 1.30 am [REDACTED] was driving recklessly in uninsured car, after participating in a drinking party. She consumed 3 beers and a shot of cognac and that's by her own admission. Several witnesses testified that there was a strong odor of the alcohol on her and in her car. A bottle of an empty bottle of Smirnoff and an empty plastic cup was found in front of her car.

She refused to admit to an alcohol testing procedures when asked by the Police and also in the Hospital where she was taken by the paramedics anda policeman.

Because of the lack of the prove of the alcohol objective measurements [REDACTED] was found **not guilty!!!**. She did not get any tickets or license suspension for several driving violations such as passing a car on the right side, driving an uninsured car, open bottle of alcohol etc..

Both cars were severely damaged. The impact was so strong that [REDACTED] body was flown 30 feet. There was no investigation on how fast she was driving.

We are wondering why [REDACTED] was not ticketed for any violations. We believe it is imperative to get the answer.

The two Officers who accepted [REDACTED] refusal to be tested for alcohol and did not ticketed her for any of the listed violations are:

BRIAN S KRATZ, star: 08608 District- Unit: Unit 050 - Airport Law-
North Chicago PD and the Police investigator Mr LEE A DALEY Star:
10584 District-Unit: Unit 608 - Major Accident Investigation Chicago PD,

According to the Illinois Driving Law, a driver who is suspected of DUI **CAN NOT** refuse to a chemical testing or if refusing she or he admits to being guilty of DUI and should get a ticket.

Due to their (the policeman and the investigator) lack of professionalism and not following the letter of the law [REDACTED] who drank and drove, in an uninsured car, with an open empty bottle of Smirnoff killed a man because of her reckless decision of driving and walked out of the Court as an **innocent person**. Grazyna's partner is dead and her life is changed forever !!!!

As a performing artist the quality of her voice which is an instrument of her soul and therefore the quality of her work comes from an inner power, tranquility and the felling of rightness and human goodness. The irreparable, senseless death of her partner forever changed her as an artist. Her soul is crushed. [REDACTED] was her partner not only in her private life, but also assisted her in her career.

The policeman and an investigator who neglected their basic duties should bare the proper consequences. I'm asking you for help. I'm asking you to bring at least a small fraction of justice to what had happened to [REDACTED] and many people's life's he has touched.

Thank you.

Romeoville woman charged with DUI in fatal O'Hare crash

March 25, 2013|By Jason Meisner, Chicago Tribune reporter

Sheryl Perry, 21, was charged with driving under the influence in connection with a fatal traffic crash on March 23, 2013. (Chicago Police Department photo)

A Romeoville woman admitted she had been drinking when she fatally struck a motorist — the longtime boyfriend of a well-known Chicago jazz singer — as he stood on the shoulder of Mannheim Road after his car ran out of gas, according to Cook County prosecutors and family friends.

[REDACTED] 21, was charged with aggravated DUI involving a death, a felony, and ticketed for failure to avoid a pedestrian, driving an uninsured vehicle and illegal transport of alcohol. Judge Edward Harmening set bond Monday at \$200,000 for [REDACTED] who has no criminal background.

The victim, [REDACTED] 49, was on his way to meet a friend early Saturday before a ski trip to Colorado when his car ran out of gas and he pulled to the shoulder in the 5800 block of North Mannheim Road, just east of O'Hare International Airport.

"He'd called his friend and was waiting for him to bring some gas," said [REDACTED] a longtime friend.

Prosecutors said [REDACTED] was southbound on Mannheim in a 2004 Chrysler when she tried to pass a slower-moving vehicle and swerved into the shoulder, striking [REDACTED] car and then him. The impact propelled [REDACTED] more than 30 feet. He died at the scene.

Assistant State's Attorney Joell Zahr said [REDACTED] friend had been following the Chrysler at the time and witnessed the crash. Her windshield shattered [REDACTED] stopped at the scene, Zahr said. [REDACTED] a veterinary technician at a south suburban clinic, smelled strongly of alcohol and admitted consuming alcohol but refused to take a breath test at the scene, according to an arrest report.

[REDACTED] came to Chicago with his girlfriend, [REDACTED], both natives of Poland, nearly two decades ago and for years has been a behind-the-scenes force in her burgeoning career, handling publicity through his Chicago design firm, friends said. A graduate of the School of the Art Institute of Chicago, [REDACTED] seemed much younger than his age, loved outdoor activities and could discuss artsy movies for hours.

"He was the personification of living in the moment, always upbeat, smiling, looking at the bright side of things," said Anna Sobor, who got to know the couple at the many "movie nights" they organized at their summer home in New Buffalo, Mich.

[REDACTED] said [REDACTED] was still trying to find outlets for his own artistic expressions but was thrilled at the accomplishments of his longtime companion.

"He would talk about music and concerts incessantly," [REDACTED] said. "He loved being with her and was finding her success to be his success as well."

Known for fusing eastern European folkloric music with all-American jazz, Auguscik is famous overseas and has a significant following among Chicago jazz enthusiasts. When she learned of [REDACTED] death, Auguscik was performing at a series of concerts in Warsaw, according to Banas.

Auguscik is scheduled to return to Chicago next week to complete funeral arrangements, Banas said.

Roadway Description:

Mannheim Road, which is a commercial area with access predominately for O'Hare Airport, it's also a CTA route with no stops in effect operating on it. Mannheim Road traffic runs north and south and is separated by metal barriers and a grassy median. There are 2 lanes of traffic in each direction and each directional flow of traffic has an east and west should, for which to pull over on in cases of emergency. The roadway itself has a slight bend to the left. The right shoulder of the south bound traffic is distinguished by a solid white line. The two south bound lanes of traffic are separated by a white intermitting line and the left shoulder of the south bound traffic is distinguished by a solid yellow line. Mannheim Road 55.1 feet in width, from the metal barrier on the right shoulder to the metal barrier on the left shoulder. The established reference point (RP) is the first city light pole, bearing mile marker #CR12, located 6.7 feet west of the west shoulder of the roadway. There is no apex due to the fact that the closest cross streets were more than a mile away, both directions north and south of the crash site. The RP measured 6.7 feet west of the metal barrier to the right shoulder of southbound Mannheim Road.

Roadway Surface:

An inspection by Reporting Specialist Daley of roadway surface at post crash site determined it to be dry, smooth and level with no defects noted. The surface is comprised of pressed asphalt.

Traffic Control Devices:

There is no traffic control devices observed on Mannheim Road, in this area.

Lighting:

The crash scene was illuminated by City of Chicago high pressured sodium lights. An inspection by Reporting Specialists determined them to be in working order.

Weather:

At the time of the crash it was cloudy and dry with the temperature of 25 degrees Fahrenheit. This weather information was obtained from Accuweather.com.

Investigation:

Beat 7245A of Unit #050 contacted Major Accident Investigation Unit informing the Watch Commander Sgt. Sedlacek of a fatal crash, in which the driver of unit #1 struck a pedestrian and his disabled vehicle on the west shoulder of Mannheim Road. The pedestrian is believed to be DOA on the scene. This crash occurred at Road. T/S Daley was assigned, on 23 Mar 2013.

Upon arriving to the post crash scene, at approximately 0319 hours, RT/S observed the scene was being protected by Unit #050 personnel. The victim's deceased body was still present on the scene and had been covered with a sheet. The driver of unit #1 victim had been removed from the scene and taken to by CFD Ambulance #59, for a DUI blood draw to which she refused.

During a walk through the crash scene Reporting Traffic Specialist established reference point (RP) as the first city light pole, bearing mile marker #CR12, the RP measured 6.7 feet west of the metal barrier to the right shoulder of southbound Mannheim Road. There is no apex due to the fact that the closest cross streets were more than a half mile away, in both directions north and south of the crash site.

RT/S proceeded to measure, document and photograph the post crash scene, from north to south. RT/S observed tire marking on the south bound roadway and shoulder of Mannheim Road. These tire markings appear to begin at 60.3 feet north of the RP and they ended at the right rear tire of unit #1's uncontrolled final rest point, which measured 129.8 feet south of the RP. The tire markings on the roadway appeared to be of a zigzag pattern. A straight line measurement, of the tire marking from beginning to end, measured 98.11 feet in length. The tire markings also began north of where unit #3 post crash position on the west shoulder of Mannheim Road.

RT/S observed Unit #3 on the west shoulder of Mannheim Road with extensive damage to the right rear bumper, quarter panel and wheel and tire. Damages to unit #3 are listed earlier in this report under Unit #3 post crash inspection. Unit #3's uncontrolled final rest position on the west shoulder of Mannheim Road was documented and measured as follows; Unit #3's right front tire measured 37.6 ft north and 9.3 ft east of the RP, while its right rear tire measured 46.1 ft north and 9.3 ft east of the RP.

Continuing south through the crash scene, on Mannheim Road, RT/S next observed unit #2 (the

victim) lying partly in the roadway and on the west shoulder of Mannheim Road. Unit #2's uncontrolled final rest position in reference to the RP measured as follows; the head of the victim measured 36.6 ft south and 12.7 east of the RP, while his right foot measured 38.11 ft south and 17.2 ft of the RP.

Again continuing south through the crash scene, on Mannheim Road, RT/S next observed unit #1 stopped in the roadway, with extensive damage to the front left front bumper, hood window and all along the left side of the vehicle. Unit #1's controlled final rest position was the right most lane of south bound traffic, just east of the west shoulder of southbound Mannheim Road. In reference to the RP, Unit#1 measured as follows; unit #1's right front tire measured 137.9 ft south and 15.5 ft east of the RP, its right rear tire measured 129.8 ft south and 14.3 ft east of the RP.

Other items observed throughout the crash scene included, the victim's left gym shoe which measured 10.7 ft north and 11.6 ft east of the RP. The victim's right gym shoe measured 115.4 ft south and 53.5 ft east of the RP. Both shoe were recovered and sent along with the victim to the Medical Examiner's office where they were inventoried under inventory # [REDACTED] as victim's clothing.

RT/S, upon completion of processing the scene, relocated to the Office of the Chicago Police Detail (Unit 050), for O'Hare Airport, to interview [REDACTED], arriving there at 0525 hours. [REDACTED] a circumstantial witness due to the fact that he did not actually see the crash but heard it and then viewed the aftermath of the crash, from his rearview mirror.

[REDACTED]

In an oral interview conducted by T/S Daley [REDACTED] related but not verbatim that [REDACTED] met him at a friend's house out in Des Plaines around midnight. During the time they were there he related that he knew that [REDACTED] had at least one beer. [REDACTED] further related that he and Ms. [REDACTED] left his friend's house around 1 or 1:30AM headed to his mother's house in Schiller Park. Mr. [REDACTED] related that they were driving south on Mannheim Road toward the Schiller Park area. Ms. [REDACTED] was following him, in her car, and they were both in the left lane. [REDACTED] continues, there was a car in front of me driving really slow, so I changed lanes to the right. At that time, I noticed a car on the right shoulder, with its hazard lights on. After passing the car on the shoulder, I looked in my rearview mirror and saw a lot of debris. I then noticed the right front headlight on [REDACTED] car was out and that her vehicle then came to a stop. I stopped, put my vehicle in reverse and backed up to [REDACTED] vehicle. [REDACTED] was outside her vehicle when I reached her. At that time, I told her to wait by her car while I go and check the other vehicle. As I approached the other vehicle, I observed a body lying in the roadway. I checked to see if the person had a pulse, but there was none. I looked back and [REDACTED] was standing behind me. I then went and spoke to two other people, who had pulled over, and asked if they had called the police, to which they answered, "Yes." I then walked [REDACTED] back to her car and comforted her until the police arrived. I waited in my car until the police asked me to follow them into the station, which I did. I did not actually witness the crash. I heard it and that's when I looked in my rearview mirror and saw the debris. This concludes the interview of [REDACTED]

Upon completing the interview of [REDACTED] RT/S along with T/S Guice relocated to the fire house of O'Hare Rescue #3, which is located at 1000 O'Hare Road, to interview paramedics [REDACTED] and [REDACTED] the paramedics of Ambulance #59 that transported Ms. [REDACTED] from [REDACTED]

the scene to [REDACTED]

[REDACTED]
In an oral interview conducted by T/S Guice Paramedic [REDACTED] related but not verbatim that she responded to the traffic crash on Mannheim. When she arrived there was confusion about the driver and about what car to put her into. [REDACTED] needed medical evaluation, at which time her partner Paramedic [REDACTED] put [REDACTED] into the ambulance. [REDACTED] further related that she went into the ambulance and when she closed the odor of alcoholic beverage was very strong, nauseating and over whelming. Ms. [REDACTED] said that she had 3 drinks. [REDACTED] asked Ms. [REDACTED] about the 3 drinks to which [REDACTED] then said 3 beers. Cindy and her McAleer then transported [REDACTED] to F [REDACTED] This concludes the interview of Paramedic [REDACTED].

[REDACTED]
In an oral interview conducted by T/S Daley paramedic [REDACTED] related but not verbatim the driver of unit #1 [REDACTED] related that she was south on Mannheim Road and that the victim pretty much came out of nowhere. He stepped out into the roadway. I didn't notice anything until my partner; Paramedic Panek-Kravitz related that the driver ([REDACTED]) of the PT Cruiser admitted to drinking 2 to 3 beers, prior to the crash. The young lady ([REDACTED]) did not complain of any injuries. Paramedic [REDACTED] further related that he was the driver of Ambulance #59 and that he along with his partner transported Ms. [REDACTED] from the scene to [REDACTED] Upon arriving at the hospital he exited the ambulance and walked to the rear where he opened the rear door, at which time he could smell the odor of an alcoholic beverage. At that point Paramedic [REDACTED] brought [REDACTED] into the hospital in a wheel chair and turned her over to [REDACTED] room staff. The Chicago Police personnel were also present, at that time. [REDACTED] concluded by saying that he along with his partner then came up clear and returned to Rescue Station #3. This concludes the interview of Paramedic [REDACTED].

T/S Mellado arrived at Area North Detective division at 0515 hours on 23 Mar 2013. Arriving at the same time was Bt #7229 P.O. Kratz #8608 and Bt #7243 P.O. Jalloway #13161 and Bt #7251 Strouse #13776, who transported the offender to Area North in a squadrol. MS. Perry was placed in Area North interview room D and ERI was started at 0516 hours. P.O. Kratz was responsible for completing the DUI arrest and paper work in connection to this case.

P.O. Kratz #8608:

In an oral interview conducted by T/S Mellado, P.O. Kratz related but not verbatim that he saw Ms. [REDACTED] (the offender) walking toward the ambulance. At the hospital, he asked her if she would submit to chemical testing, to which she refused. This concluded the interview of P.O. Kratz.

T/S Mellado advised [REDACTED] rights per Miranda, to which she related that she understood. Ms. [REDACTED] then agreed to talk and answer T/S Mellado's questions.

[REDACTED]
In an oral interview conducted by T/S Mellado, [REDACTED] related but not verbatim that she was driving a 2004 Chrysler PT Cruiser, following her friend [REDACTED] and they were going to [REDACTED] mother's house. They were driving on Mannheim Road when a car came between them. [REDACTED] then related that she changed lanes to the right to try to catch up to [REDACTED] At that time, [REDACTED]

related that she saw a blur on her right side and some blinking lights. She then felt an impact and thought she hit a car. The airbag went off (deployed) in her vehicle and she felt her car just stop. She then exited her vehicle and walked, with her friend [REDACTED] who had returned to where her vehicle had stopped, toward the vehicle she hit, at which time she saw a body laying on the ground not moving. [REDACTED] further related that she met [REDACTED] at his friend's house at about 11:15pm and during the time she was there she drank 3 bottles of Bud Light beer. This concludes the interview of [REDACTED]

At 0925 hours on 23 Mar 2013, T/S Galey #5590 was able to notify [REDACTED] (uncle) and [REDACTED] (aunt), the victim's next of kin living here in America of the victim's death. They related that they would call Poland to inform the victim's parents of his death.

ASA Groebner of the Cook County State's Attorney Office Felony Review after reading the interview of [REDACTED] request that he come into the Area North Detective Division for the purpose of a hand-written statement being taken by herself. At 1052 hours that hand-written statement was so taken by [REDACTED] and is now a part of this case file.

On 23 Mar 2013 at 1030 hours, T/S Symanski received a call in the MAIU office from [REDACTED]

[REDACTED]
In a telephone interview conducted by T/S Symanski [REDACTED] related but not verbatim that she and her husband was coming from Rosemont traveling west on I290 or I294. She wasn't sure as she wasn't paying attention as the passenger and her husband [REDACTED] was driving. They drove by the accident and saw 2 cars on the right. [REDACTED] called 911. She also related that she saw a man lying on the shoulder of the road in the middle of the 2 cars. Her husband pulled over to help the guy. [REDACTED] got out of their vehicle and a girl exited from the first car (driver). [REDACTED] asked the girl ([REDACTED]) if she hit the guy. The girl responded "No". The girl/driver went back to her car. Ms. [REDACTED] went to the victim to see if he was ok. She felt his arm and hand and they were both cold. Mr. [REDACTED] then told [REDACTED] to go back to the car. [REDACTED] told her husband that she thought the guy was dead. [REDACTED] further related that they waited in their vehicle until the police and fire departments arrived. [REDACTED] asked the police officer if they needed them. The officer asked if they witnessed the crash to which both Mr. and [REDACTED] answered "No". This concluded the phone interview of [REDACTED]

On 23 Mar 2013 at 1435 hours [REDACTED] and [REDACTED] friends of [REDACTED] who were also at the gathering in Des Plaines, arrived at the Area North Detective Division to be interviewed by RT/S and give a hand-written statement to the ASA from Felony Review, (those hand-written statements are now a part of this case file).

[REDACTED]
In an oral interview conducted by T/S Daley, on 23 Mar 2013 at 1600 hours, [REDACTED] related but not verbatim that his cousin [REDACTED] and one of his girlfriends were having a get together at his house out in DesPlaines. Around 10pm [REDACTED] came by and then maybe around an hour later [REDACTED] friend [REDACTED] showed up. [REDACTED] related that he did not know [REDACTED] personally before that night, but [REDACTED] has talked to him about her in the past. There were about 9 people total at this gathering. Throughout the night [REDACTED] related that he only remembers [REDACTED] had a Bud Light beer. Then they all [REDACTED] included took a shot of Hennessy and then a little later [REDACTED] had 7
13 15

another Bud Light. So in total he related that she had 2 beers and a shot of Hennessy. [REDACTED] also relates that when [REDACTED] arrived she did not appear to have been drinking. Also when she left [REDACTED] did not appear to be intoxicated, "she looked fine to me," he states. She was only there for approximately 1 or 2 hours. Then Sheryl and Victor left together. Actually we all left around the same time. [REDACTED] concluded by saying that Sheryl arrived at [REDACTED] house by herself. This concludes the interview of Mr. [REDACTED]

[REDACTED]
In an oral interview conducted by T/S Daley, on 23 Mar 2013 at 1700 hours, Ms [REDACTED] related but not verbatim that she and [REDACTED] (her boyfriend) were over his cousin [REDACTED] house just chilling out and had a few friends come over for some drinks, pizza and chips. Victor arrived around 10pm and around 11 or 11:30pm [REDACTED] who I only met last night, arrived. [REDACTED] introduced her to everyone. She seemed to be friendly. About 30 minutes after arriving [REDACTED] took a shot of Hennessy or either whisky, I'm not sure, but after the shot I saw her with a Bud Light beer. She appeared to be sipping on the beer, as she played cards. Maybe an hour after the card game I observed [REDACTED] take part in the beer shotgun, in which you take a bottle of beer (opened), insert a straw and chug it down. [REDACTED] did not chug much because she began to cough it up into the kitchen sink. I don't think she even finished drinking that beer. We all decided to leave at the same time, which was about 1 or 1:30am. [REDACTED] appeared to be fine. We made sure that everyone was ok to drive before they were allowed to leave. As I was getting to Wade's car I saw [REDACTED] drive by in his car with [REDACTED] following him from behind, in her car. [REDACTED] said that she was going to sleep over Victor's house. That I believe is why she was following [REDACTED] as they drove away. This concludes the interview of Roxanne S. Alvarez.

Upon completion of the interviews of Ms [REDACTED] and Mr. [REDACTED] ASA Groebner of the Cook County State's Attorney Office Felony Review decided to take a hand written statement from them both. T/S Daley was present for both hand-written statements, which are now a part of this case file. Upon completion of the hand-written statements T/S Daley was relieved of his tour of duty and the investigation was then turned over to T/S Mellado to continue.

T/S Mellado contacted Rosemont PD to ascertain if the officers that responded to this crash were available to be interviewed by himself and an Assistant State's Attorney. He was informed that of the officers that responded to this crash P.O. Bresen #1412, Sgt. Alvarado #1456 and Lt. Goodrich #1423 would be available, after their 2000hrs roll call. T/S Mellado along with ASA Kent-Duffy relocated from Area North Detective Division to the Rosemont PD to conduct interviews of the above listed officers.

Sgt. ALVARADO #1456:

In an oral interview conducted by ASA Kent-Duffy with T/S Mellado present, on 23 Mar 2013 at 2055 hours, Sgt. Alvarado, of the Rosemont PD, related but not verbatim that he arrived on the scene about the same time as other Rosemont unit did. He approached from the north bound lanes, parked his squad car on the north bound left shoulder and crossed the median on foot. Once at the scene, he saw a group of people on the south bound Mannheim Road right shoulder. He then asked, who the driver, of the PT cruiser was. The female [REDACTED] said that she was and he moved her away from the crowd of people and from the body of the victim. Sgt. Alvarado also related that he was trying to console her since she was crying and becoming hysterical. Sgt. Alvarado further related that, during this time, he could not and did not detect any odor of an 7

alcoholic beverage coming from her person. Ms. [REDACTED] kept refusing any medical attention and that upon arrival of CFD Ambulance #59 he handed her over to the paramedics to be checked out. This concludes the interview of Sgt. Alvarado.

LT. GOODRICH #1423:

In an oral interview conducted by ASA Kent-Duffy with T/S Mellado present, on 23 Mar 2013 at 2110 hours, Lt. Goodrich, of the Rosemont PD, related but not verbatim that he arrived on the scene and saw a body on the side of the roadway. He observed massive trauma the head of the victim, as PSO Bresen #1412 attempted to find a pulse and clear the victim's airway, (PSO Bresen is also trained as an EMT). Lt. Goodrich also related that both of the victim's legs were deformed and fractured, and that there was brain matter coming out from the side of the victim's head. This concludes the interview of Lt. Goodrich.

PSO BRESEN #1412:

In an oral interview conducted by ASA Kent-Duffy with T/S Mellado present, on 23 Mar 2013 at 2125 hours, PSO Bresen, of the Rosemont PD, related but not verbatim that he was dispatched to look for a person down on Mannheim Road. When he arrived, on the scene, he went straight to the location of the body with his EMT equipment. He checked to see if the victim had a pulse, performed a sternum rub, and he saw that the victim's eyes were open and toward the back of his head. PSO Bresen further related that he rolled the victim's body over to clear his airway and observed blood and brain matter coming out from the victim's head. At this time, a Chicago Fire Department Ambulance arrived on the scene and took over. This concludes the interview of PSO Bresen.

T/S Mellado along with ASA [REDACTED] relocated back to Area North Detective division where ASA [REDACTED] after conferring with her supervisor CI'd the case in order for RT/S to obtain and serve search warrants for a buccal swab from Ms. Perry for DNA comparison (Search Warrant # [REDACTED] and DNA samples, prints and photos from unit #1 also for DNA comparison (Search Warrant # [REDACTED]).

On 24 Mar 2013, both warrants were prepared by RT/S, presented to the court for approval by T/S Musial. After securing the search warrants Felony Review was informed that both search warrants would be served later on that evening or early on 25 Mar 2013.

On 24 Mar 2013 at 1510 hours ASA Patricia Melin of the Cook County State's Attorney's Office approved 1 Felony count of Aggravated DUI/ Accident involving Death, on Sheryl Perry.

On 24 Mar 2013 at 1635 hours T/S Czygryn #17350 met E/T Poradzisz #8689 Bt 5835 at Area North Detective Division at which time the search warrant # [REDACTED] for the buccal swab from [REDACTED] was served. Also present during the serving of this search warrant was P.O Johnson #10403 a female officer. The serving of the search warrant was completed at 1645 hours.

On 25 Mar 2013 at 0028 hours RT/S arrived at CPD Auto Pound 1 south, located at 103rd and Doty Road, to serve Search Warrant # [REDACTED] with event # [REDACTED] on the 2004 Chrysler PT Cruiser Hard top Dark Gray in color, 4 Door, vin # [REDACTED] bearing Illinois license plate # [REDACTED] with an expiration of 05/2013. F/I Campbell #10587 Bt #5815 arrived on scene at 0113 hours and the warrant was served. Items recovered included the driver and front seat [REDACTED]

passenger airbags that were previously deployed as a result of the front end crash in connection with this case. Also recovered during the execution of this warrant were other items which may have possessed DNA evidence for comparison to the buccal swab obtained under Search Warrant [REDACTED] along with photos vehicle taken by FI Campbell. At the time of this report, the findings of the final DNA evidence comparison analysis have not yet been made available to RT/S.

Causation:

After completing the on scene investigation and speaking to witnesses, RT/S, has determined that this crash was a result of operator's use of poor judgment, in that after attending a gathering with friends where she admits to consuming alcoholic beverages she ([REDACTED]) decided to drive her vehicle (a 2004 Chrysler PT Cruiser) from Des Plaines II., to Schiller Park II. While traveling south on Mannheim Road and attempting to pass a slower moving vehicle [REDACTED] changed lanes to the right, continuing onto the right emergency shoulder of southbound Mannheim Road where her vehicle struck a disabled vehicle who at that time had its hazard lights flashing. Ms. [REDACTED] vehicle then struck Mr. [REDACTED] the registered owner of the disabled vehicle, who at that time was outside the vehicle attempting to repair it. Due to the fact that Ms. [REDACTED] is a small stature woman and the amount of alcoholics beverage she admits to consuming and the amount that witnesses stated that they observed her drink, RT/S believes that at the time of the crash Ms. [REDACTED] may have been under the influence and that her ability to safely operate her vehicle was impaired.

RT/S considers this case to be CLEAR/CLOSED BY ARREST.

INVESTIGATION:

On 21-July-2015 the undersigned was assigned to investigate Log#1076172. The complainant, [REDACTED] alleges that on 23-Mar-2013, at [REDACTED] Chicago at 0229hrs the accused failed to conduct a proper investigation involving a fatal traffic accident.

On 22-July-2015 at 1138hrs the undersigned attempted to contact the complainant [REDACTED] via Email (Att. #10). On 23 July 2015 the undersigned received a response via email, but no additional information was provided (Att#14), and the complainant advised that she would contact the undersigned.

On 23-July-2015 the undersigned conducted a Soundex name check via S.O.S (Att#11), which revealed an address of; [REDACTED] with a name similar to the complainant. The undersigned then conducted a house visit of that location on 24-July-2015 at 1330hs, which revealed that it was in fact the residence of the complainant. The undersigned was met by the complainant and [REDACTED] M/2 40-50Y.O.A., who also resided at that location (Att#15)

The undersigned began to conduct an interview with complainant who related that she was never present during the preliminary investigation of the crime scene of the incident referred to in Log #1076172. It was also related by the complainant

that she was present during multiple dates of the criminal proceeding of the offender that was arrested as a result from the incident referred to in Log#1076172. During which time, according to the complainant, the accused Officers testimony at said proceedings seemed clear and consistent. Also the complainant referred specifically to the Officers testimony of the observation of the offender; "a strong odor of alcohol", several times which reflected consistently with the charges filed. It was also gathered from the interview that the complainant was aware that the offender in custody in relation to Log#1076172 was charged with multiple offenses. Upon conclusion of this interview the complainant made the undersigned aware that she was unhappy and confused on the outcome of the criminal proceedings. The complainant further related that Cook County States Attorney did not explain; the course of the proceedings, the reason for the ruling of the case, as well as any further legal action that the complainant may take. At which time the undersigned provided several numbers for the Office of the Cook County States Attorney gathered from the CCSAO website. Furthermore the complainant also related that during the proceedings the accused officers seem to conduct themselves in a professional manner.

Upon the request of the complainant a meeting was to be rescheduled to discuss the matters of the allegations of the listed Log Number and supply any additional information. The complainant also provided the undersigned with a contact number of [REDACTED]

On 29-JULY-2015 at 1136hrs the undersigned attempted to contact the complainant via telephone and received an automated messaging system and left a message (Att#16).

On 31 July 2015 at 0900hrs, the undersigned attempted to contact the complainant via telephone at the provided # [REDACTED]. The undersigned received automated voice message (Att#17).

On 24 August 2015 the undersigned contacted the complainant and scheduled an appointment for a follow up interview on 01 September 2015 at 1330hrs. On 01 September 2015 at 1330hrs the undersigned along with Sgt M. SOLIS#1127, conducted a follow up interview at the location of [REDACTED] with the complainant. At that time the complainant revealed no additional information but wished to continue the investigation and signed a Sworn Affidavit. The interview was concluded at that time and the investigation continued (Att#18).

During the review of the Face Sheet (Att#1) the accused officers were identified and their on duty status was confirmed from the generated reports of the incident and a review of the Daily Attendance and Assignment Sheets (Att#12&13).

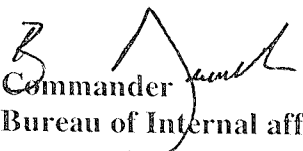

An overview of the Illinois Traffic Crash Report (Att#5) Original Case Report (Att.#6), Arrest Report(Att.#9) and Supplemental Reports(Att.#7&8) resulted in no findings of errors or omissions that would adversely affect the outcome of the investigation.

The undersigned was unable to identify any evidence that the accused failed to conduct a improper investigation during the incident in question. The undersigned conducted a quarry of several of the reports prepared in relation to the case referred to in Log#1076172. A review of said reports revealed that the offender was place into custody and charged accordingly. With the lack of any verifiable objective evidence this investigation cannot continue. It is therefore recommended that this case be Unfounded.
